

SMART INTEGRATE MEASURING & CONTROL SYSTEMS Co. LLC

COMPANY PROFILE

INTRODUCTION:

- We have the pleasure to provide you with our pre-qualification as per your request. We are @ Smart Integrated Systems (SIS) & Smart Integrate M&C Systems Co. LLC have 25 years of experience in the power management field as subsidiary of AEC group then as independent company starting from the year 2016. We have implemented various projects across the region with different sizes and complexities.
- SiS provide turnkey solution including supply, assembly, installation, testing and commissioning in different related fields, furthermore more we provide qualified after sales team for maintenance and renovation works.
- SiS specialized in integration of different multi systems in **one smart platform** that controls the buildings, homes and facilities in smart ways, increasing the efficiency and saving the energy leading for more controlled and comfortable environment for clients and end users.

INTRODUCTION:

MISSION

We aim to remain as reliable and professional specialized solutions provider in the field of smart systems and energy efficiency while maintaining the highest level of client services.

VISION

We at SiS committed to establish trusting relationships with clients based on integrity, performance and quality. This is achieved by providing a green footprint with cost effective solutions coupled with exceeding client expectations. We ensure client satisfaction is attained via effective communication and excellent services.

MAIN ACTIVITES:

1. Building Automation
2. Energy Smart Metering and Monitoring
3. Energy Efficiency Solutions
4. Control Panels Assembly
5. LV. Switchgear Assembly
6. Smart Facilities
7. Industrial Automation
8. Lighting and Lighting Control
9. Smart IoT Systems

MAIN LOCATIONS:

We are providing our services covering various areas through different locations and offices. Our presence in the UAE is as follows:

Dubai office :

Smart Integrate Measuring & Control Systems Trading LLC
Office No.3–Umm Ramool Oasis Building – Nad Al Hamer St.
P.O. Box : 88115 Dubai –UAE
Mobile No.: +971 55 6644660
ashraf@smartis-me.com ,Web: www.smartis-me.com

Free Zone Office:

Smart Integrated Systems FZE
Business Center ,Al Shmookh Building – UAQ FTZ
Al Ithad Road, P.O. Box 7073 Umm Al Quwain
Phone : +971544431888
ashraf@smartis-me.com ,Web: www.smartis-me.com

Ajman :

Creative Automation

BMS – Smart Home After Sales Service and Installation Team– Showrooms 1 and 2, Rawdha-1 Building,
Sheikh Ammar St, Rawdha 2, Tel.: +971 544431888
Ajman, U.A.E

PRODUCTS & SUPPLY

- **Energy & Power Quality :**

- Smart & Energy Meters
- Panel Meters
- Active Harmonics Filters
- Passive Harmonics Filters
- Capacitor Banks
- Voltage Regulator
- Protection Relays
- Surge Protection Devices
- UPS System

PRODUCTS & SUPPLY

- **Energy Efficiency :**

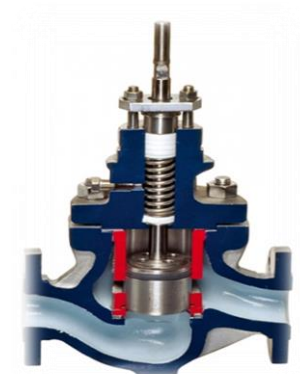

- Variable Frequency Drives (VFD)
- Energy Management System (EMS)
- Building Automation
- DDC Controls & Panels
- Industrial Gateway Solution
- LED Lighting & Lighting Control
- Different Types of Sensors
- Pressure Independent Control Valves (PICVs)
- Invertor Type Air Conditions Equipment
- AC Energy Saver System
- Solar System Application

PRODUCTS & SUPPLY

- **Industrial & Factory Field:**

- PLCs – Programmable Logic Controllers
- Signals Transmitters and Convertors
- Terminal-block type / Connector type /Interface Relay
- HMI & Visualization Tools
- Motors & Gears
- Power Supplies
- Industrial & Control Valves

PRODUCTS & SUPPLY

- **Smart Platform :**

- Smart Home Systems
- IoT Devices and Controllers
- Guest Room Management System (GRMS)
- Security & CCTV Systems
- Door Access Systems
- Smart Devices and Appliance

MAIN BRANDS:

ENERGY & POWER DIVISION

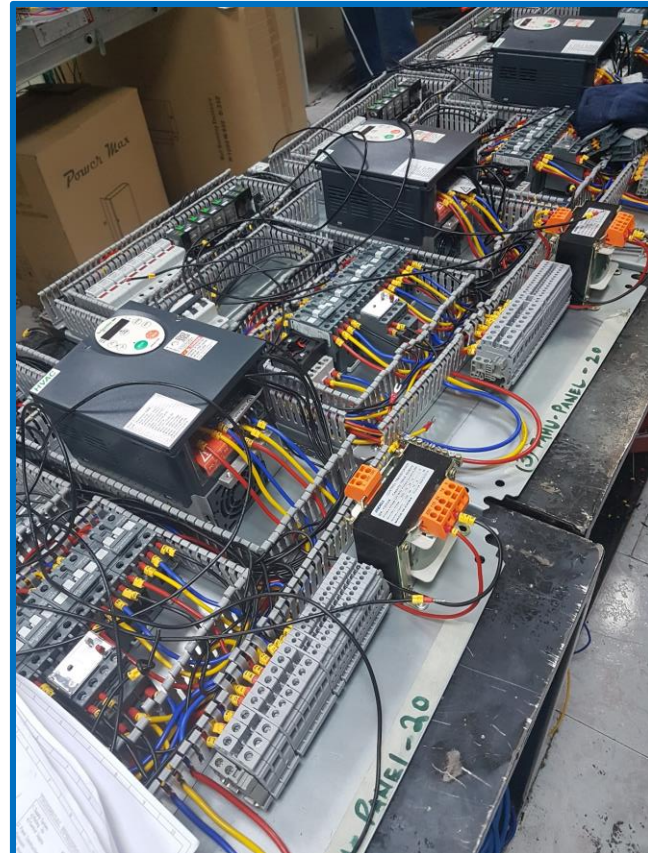

FIELD SERVICE

FIELD ENGINEERING SOLUTION AND ERECTION

Engineering solution provider also involved in field engineering solution and erection and commissioning support activities. we have a dedicated team to work in site including the erection, cable pulling, termination and commissioning. Experienced engineers and technicians to handle the instrumentation related activities in sites.

ENERGY & POWER DIVISION

ENERGY & POWER DIVISION

FIELD SERVICE

Installation and Commissioning:

Extensive range of installation and commissioning services, which covers all aspects of hardware and software; this also includes third-party products, if required.

Third Party Support:

Depth and breadth of experience makes them better positioned to look after third-party equipment either as part of an integrated package or as a stand-alone system.

Spare Parts Management:

Our Spares and Repairs Service is designed to simplify and reduce your maintenance budget by limiting the holding of on-site spares to critical items only.

Maintenance Management and Partnering:

Alliances with other specialist suppliers and contracting organizations enables us to provide you with a total maintenance and management solution whilst retaining a single point of contact and management

TECHNICAL SERVICES

Service Description:

We take pleasure in introducing ourselves as leading firm by providing Electrical Erection Work (All types of Panel Installation, Cable laying & Cable tray installation, Cable termination, KWH meter connections, BMS, DDC, PLC Panel cabling work, VFD & Soft starter programming ,capacitor bank, testing & commissioning)

Features:

Guided by experts

Ensures complete satisfaction

Use of latest technology

TECHNICAL SERVICES

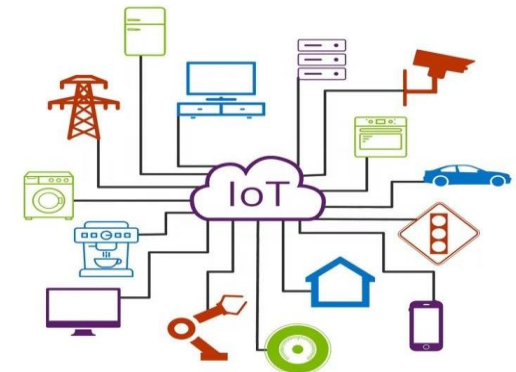

Smart Platform & IoT Division

We at SiS specialized in the field of Smart Platform in the UAE, energy management systems in hotels, protection and low voltage systems, as well as we are authorized agents of many European companies in supplying electrical materials such as switches, electrical lighting and motion sensors.

How do you imagine your future home ?

We at SiS are working to be at the forefront of companies that work to provide their customers with the latest systems related to the smart home system and to exploit the latest technology tools such as cloud technology and IoT technology, and integrate them all into one integrated system and through a smart application on devices The smart phone, which guarantees the customer multiple ways of controlling his home through voice, smart phone, smart touch screens or smart keys, making your homes friendly and under your watch at all times and from anywhere.

Smart Platform & IoT Division

KNX automation: design and flexibility for home and hotel

KNX automation is enhanced by the unique features and through smart solutions, designed to express the best. All that is supported by KNX architecture and its **flexibility** in order to integrate and control all possible **functions** within buildings, homes and hotels such as lights, shutters, alarms, air conditioning, energy optimization, scenarios, etc.

Smart Platform & IoT Division

Wulian Wireless Home Automation System Zigbee Based

ZigBee is enabling technology of Home automation which designates an emerging practice of increased automation of intelligent appliances and household applications. ZigBee has many advantages of high availability, low power consumption, a low cost which ideal for residential settings.

PROJECTS REFERENCE:

- 1) Al Sharjah Police Head Quarter – VFDs Panels – 2021
- 2) Al Wasel Energy Efficiency Project – 240BLD – 2018–2020
- 3) Seven Tides Int – Energy Efficiency – Lighting Package – 2018–2020
- 4) Dubai Metro – Green Line – Power Management System – 2015
- 5) Yas Water world – VFDs & PLCs – 2013/2014
- 6) Substation for Butterfly Garden – Switchgear & Automation – 2017/2018
- 7) Al Raha Beach Sewage Substation – RTU Panels – 2015/2016
- 8) Al Ghadeer Pumping Station – MCC & PLC– 2013
- 9) Seef Tower – Smart Metering & Structure Cables – 2016
- 10)Agility Logistics Stores – RTU Panels – 2016
- 11)Hamad Tower Riyadh – BMS – 2015/2016
- 12)King Abdul Aziz National Dialogue Center – Riyadh– BMS – 2012
- 13) Fairmont Hotel Bab El Bahar – Data Network – 2010
- 14) Motor City Dubai– Fibre Optic Network – 2009
- 15) Emicool District Cooling in DIP & Jumeirah – Data Network – 2009
- 16) Emirates Palace Hotel – GSM Data Network– 2009
- 17) Reem Island District Cooling – Door Access System – 2010/2011
- 18) Supreme Council Data Center – Power Management System – 2016
- 19) Kizad water pumping station Abu Dhabi – MCC & Automation – 2013

CLIENTS LIST:

- Arabic Engineer Control and Electro Mechanical Systems– Abu Dhabi
- SMART Energy Automation–Dubai
- Roads and Transport Authority (RTA) – Dubai
- SESCO– Ses Star Trading Estate– Dubai /Bahrain.
- Al Rostamani Group –Dubai
- YAS Water Park – Abu Dhabi
- RAK Industries –Ras Al–khaimah
- Advance Building Services ,Hamriyah Free zone –Sharjah
- Butterfly Garden –Dubai
